13 Bankers The Wall Street

13 Bankers describes the rise of concentrated financial power and the threat it poses to our economic well-being. Over the past three decades, a handful of banks became spectacularly large and profitable and used their power and prestige to reshape the political landscape.

13 Bankers | The Wall Street Takeover and the Next ...

13 Bankers is a remarkable book, placing the financial crisis in the context of history. The authors discuss the US financial industry's development from Independence to the present. Current debates over financial regulation can be traced as far back as the 1780s, when Founding Fathers Alexander Hamilton and Thomas Jefferson quarrelled over the role of banks.

13 Bankers: The Wall Street Takeover and the Next ...

Perched atop this structure are 13 bankers who are involved with the six mega-banks (Bank of America, JPMorgan, Chase, Citigroup, Wells Fargo, Goldman Sachs, and Morgan Stanley) that have been rendered "too big too fail".

Amazon.com: 13 Bankers: The Wall Street Takeover and the ...

Wall Street's way of life was under threat. That Friday in March, thirteen bankers— the CEOs of thirteen of the country's largest financial institutions— gathered at the White House to meet with President Barack Obama.* "Help me help you," the president urged the group. Meeting with reporters later, they toed the party line.

13 Bankers: The Wall Street Takeover and the Next ...

13 Bankers brilliantly charts the rise to power of the financial sector and forcefully argues that we must break up the big banks if we want to avoid future financial catastrophes. Updated, with additional analysis of the government's recent attempt to reform the banking industry, this is a timely and expert account of our troubled political ...

13 Bankers : The Wall Street Takeover and the Next ...

“13 Bankers is an absolutely brilliant and spellbinding forensic analysis of Main Street’s economic murder at the hands of financial behemoths who gambled recklessly with the taxpayers' chips while paying Washington to look the other way. From Jefferson and Jackson to South Korea and Russia, the book traverses time and space in documenting that banks that are ‘too big to fail’ are far too big to be preserved.
