While the practitioners of big data have made remarkable contribution to the existing big data literature, the majority of them have termed BDA exclusively as a technical capability . We addressed this shortcoming in the existing literature by highlighting the importance of several nontechnical resources, in addition to other resources such as data and technology, which are needed to create a BDA capability.

Toward the development of a big data analytics capability ...

Appendix B The History of Homelessness in the United States HOMELESSNESS THROUGH THE EARLY 20TH CENTURY. When first used in the United States in the 1870s, the term “homelessness” was meant to describe itinerant “tramps” traversing the country in search of work.
