About Cambridge Manuals in Archaeology Visit Cambridge Manuals in Archaeology are reference handbooks designed for an international audience of professional archaeologists and archaeological scientists in universities, museums, research laboratories, field units and the public service.

Cambridge Manuals in Archaeology

Overview. Archaeological Illustration encompasses a number of sub disciplines. These are: Surveying: To produce an accurate record of sites and buildings and to record accurately where the sites and buildings lie within the landscape. Surveyors use a range of equipment including tapes, plane tables, total stations, 3D scanners, GPS and GIS to produce illustrations including plans, sections and ...
