Unlike Project Gutenberg, which gives all books equal billing, books on Amazon Cheap Reads are organized by rating to help the cream rise to the surface. However, five stars aren't necessarily a guarantee of quality; many books only have one or two reviews, and some authors are known to rope in friends and family to leave positive feedback.

Decisive How To Make Better

Decisive describes how you can make better decisions by following a simple process. The Heaths share research that shows that process is more important than analysis when reaching effective decisions. In fact, a good process can lead to better analysis. They describe what they call the four villains of decision-making.
