History is an encounter with the past, and the past is a history of encounters. Encounters in World History is designed to introduce students to both of these sorts of encounters. Using primary and visual sources, the authors employ the encounter theme as a fundamental organizing principle. By nesting sources in thematically integrated chapters, comparison and analysis of sources can be more substantive, while also providing more internal structure for instructors.

in the New World spans the years from Columbus's voyage in 1492 to the publication of the autobiography of Olaudah Equiano, a former slave, in 1789. Emotional eyewitness accounts--memoirs, petitions, diaries, captivity narratives, private correspondence--as well as formal documents, official reports, and journalistic reportage give body and texture to the historical events described.
