While modern books are born digital, books old enough to be in the public domain may never have seen a computer. Google has been scanning books from public libraries and other sources for several years. That means you've got access to an entire library of classic literature that you can read on the computer or on a variety of mobile devices and eBook readers.

Focus On Hallucinogens Drug Alert

Reviewed by Lux, 8/22/2008. The cover of Jeffrey Shulman's Focus on Hallucinogens accurately conveys the ideological perspective of this book. Four smiling cartoon children wearing "Just Say NO to Drugs" t-shirts sit in a classroom beneath a golden logo announcing that this is "A Drug-Alert Book". Sure enough, Focus on Hallucinogens systematically excludes any positive characterization of psychedelic substance use and exaggerates the harms.
