Another book I read first is Clean Code, which I would also recommend, but Head First Design Patterns is a nice addition because the detailed code examples really help cement my understanding. The examples are all in Java, which I don't know well at all, but with just knowing the bare minimum Java I was able to understand nearly all of the ...

Review: Head First Design Patterns | by Angel Morales | Medium

Head First Design Patterns. O'Reilly Media. ISBN 978-0-596-00712-6. Although design patterns have been applied practically for a long time, formalization of the concept of design patterns languished for several years. Practice. Design patterns can speed up the development process by providing tested, proven development paradigms.

Software design pattern - Wikipedia

"'Head First Design Patterns' manages to mix fun, belly-laughs, insight, technical depth and great practical advice in one entertaining and thought provoking read. Whether you are new to design patterns, or have been using them for years, you are sure to get something from visiting Objectville."
