Identifying Common Late Roman Bronze Coins. ©2003 Scott Uhrick for Ancient Coins for Education, Inc. One of the most satisfying parts of working with ACE is going to a school where the students are well into cleaning their coins and helping the kids identify them. The skills I've picked up from cleaning a few thousand of these little bronze nuggets find their only useful outlet there, and my ego benefits greatly from having student after student come up with a coin they considered an ...
