This edited thematic collection features latest developments of discourse analysis in translation and interpreting studies. It investigates the process of how cultural and ideological intervention is conducted in translation and interpreting using a wide array of discourse analysis and systemic functional linguistic approaches and drawing on empirical data from the Chinese context.

Advances in Discourse Analysis of Translation and ...

Abstract Should transpositions between language and other sign systems be considered a kind of translation? The answer could be yes if the comparison is made to interlingual translating that features a high degree of variance. Here, however, the question will be whether there are any kinds of intersemiotic transposition that feature a high degree of invariance.

'Intersemiotic translating' | John Benjamins

Intersemiotic Translation and Cultural Literacy. Intersemiotic translation provides an interactive, participative platform with the potential to engage individuals and communities in connecting with cultures different from their own. This special interest group proposes to chronicle and reflect on this process of collaborative translation, chart its impact in communities or other public settings, and research the socio-cognitive mechanisms at work.
