ensure that your audio is optimized for Apple Music or the iTunes store. Use High-Resolution Sources To take best advantage of our latest encoders, use only 24-bit sources and send us the highest-resolution master file possible, appropriate to the medium and the project. Don't upsample files to a higher resolution than their original format.

Apple Digital Masters: Studio-quality sound. For everyone.

By starting with the best possible masters we are able to offer our Apple Music and iTunes customers the highest possible quality audio. Our latest encoder can take advantage of every bit of the high-resolution masters that engineers are creating especially for us. The results, both for streaming and download, are virtually indistinguishable from the original 24 bit studio masters.
