## **Principles of Biology - McGraw-Hill Education**

The third edition of Biology: The Essentials epitomizes what the market has come to recognize as Mariëlle Hoefnagels' distinct and student-friendly writing-style. This edition offers a broader and more conceptual introduction to biology, simplifying the more complex biological content to the essential elements that students need to act as framework for the details.

McGraw-Hill's "Connect" is a web-based assignment and assessment platform that helps you connect your students to their coursework and to success beyond the course.

## **McGraw-Hill Connect**

Building on the successes of the first and second editions, the third edition reflects a focus on core competencies and provides a more learner-centered approach. The strength of an engaging and current text is improved with the addition of new pedagogical features that direct the students' learning goals and provide opportunities for assessment, to determine if students understand the concepts.
