Most states limit the age of who may be placed in a designated 'safe haven' to infants 72 hours old or younger, while other states may accept infants up to 1 month of age. States determine who may leave unwanted babies in a designated location, the obvious being the mother of the child (and sometimes fathers depending on the state laws).

North Carolina, like many states, allows a parent, or parents, to give up an infant under seven days of age to a "safe haven," no questions asked and without facing arrest or other penalties for abandonment. The law is intended to save the lives of infants that might otherwise be abandoned in garbage dumpsters or toilets.

An asset is considered a safe haven if it is uncorrelated or negatively correlated with riskier assets during times of stress (Baur and Lucey 2010). Although U.S. government securities are often considered the quintessential safe haven against the stock market, previous studies have suggested that gold, too, has acted as a safe haven in the past. 1
