The Handbook of Knowledge-Based Policing: Current ...

During the early part of the 1990s, a number of ideas and streams of research converged to produce what has come to be described as 'the knowledge-based view of the firm'. The outcome is not so much a new theory of the firm, as a number of explorations into aspects of the firm (and economic institutions more generally) which are unified by their focus upon the role of knowledge in production and exchange.
