The same is true of Professor Richard Neustadt's, Presidential Power and the Modern Presidents, even though it has also been updated (through the Reagan presidency). While it is full of insights, Neustadt is still smitten with FDR's non-organizational organization - a model of the Presidency that simply is no longer viable.

Two books written in the 1800's predicts that a man named Donald Trump will be "the last President" of the United States. In 1890, author Ingersoll Lockwood wrote two books that highlighted with pinpoint accuracy our current political situation. These two books are " Baron Trump's Marvlous Underground Journey ," and " The Last President .".

Book From 1800's Predicts Trump Will Be 'The Last President'

However, if even a tiny sliver of what he says is true, Trump's presidency is truly a baffling kind of chaos to behold. In short, I think Fire and Fury is among the best books about Trump available which, in all likelihood, will not go down well with die-hard Trump supporters.
