Thermoking KD II SR will not run under standby power. Having trouble with a KD II SR, I can't get this unit to function under standby power. Voltage is 230 volt 3 phase and rotation is correct. Engaging the contactor manually will run the motor so the motor is good. I have checked oil pressure switch and it is good.

Thermoking KD II SR will not run under standby power

Thermo King recommends that all services be performed by a Thermo King dealer. However, there are several general safety practices which you should be aware of: Automatic Start/Stop Operation This unit is capable of automatic operation and may start at any time without prior warning. WARNING: Always wear goggles or safety glasses
