This paper presents stateless offload server adapter benchmark results that compare the T5- based 40GbE adapters to the Mellanox ConnectX-3 Pro 40GbE adapters in Windows Server 2012 R2. The results confirm Chelsio's performance and efficiency lead, demonstrating that the fully- featured T5 adapters in no way compromise on server NIC functionality, performance or efficiency, and thus remain the only true all-in-one adapters.
